CLINTON CITY COUNCIL AGENDA ITEM

SUBJECT: Employee of the Month for May 2018 – Nate Tolman	AGENDA ITEM: A
PETITIONER: Dennis Cluff, Will Wright	MEETING DATE: June 12, 2018
RECOMMENDATION: That the Council recognize Nate Tolman as Employee of the Month for May 2018.	ROLL CALL VOTE: NO
FISCAL IMPACT:	
<p>BACKGROUND:</p> <p>I would like to recognize Nate Tolman, Clinton City Building Inspector, as the Employee of the Month. Nate was hired in January of this year as a Building Inspector in Training. Although at the time of hire, he had several years of construction and facilities maintenance experience, Nate had no building inspection certifications through the International Code Council.</p> <p>One of the conditions of hire was for Nate to pass the residential building, electrical, plumbing, and mechanical certification tests within 6 months which is a fairly aggressive goal to start with. Nate not only met this goal but exceeded it by nearly 2 months and he did so while learning the various functions of the Community Development Department and doing small repair and maintenance projects on several city buildings.</p> <p>Due to his eagerness to learn the building codes and various functions of the Community Development Department, including helping people at the front counter, Nate has become an important part of our staff. I have received positive feedback from residents and contractors mentioning their appreciation for Nate and how he interacts with them.</p> <p>For these reasons, we feel Nate deserves the recognition of being the current Clinton City Employee of the Month of May.</p>

RECOMMENDATION: That Council listen to the presentation on the Victim's Advocate program.	ROLL CALL VOTE: NO
FISCAL IMPACT:	
BACKGROUND: Alex Smith is the Victim's Advocate for the Clinton and Syracuse Justice Courts. She has about a 15 minute presentation to update the Council on the Advocate program.

CLINTON CITY COUNCIL AGENDA ITEM

SUBJECT: Bid Award for 2300 N Waterline Project – Railroad Tracks to SR 126 in Sunset (Phase 3)	AGENDA ITEM: C
PETITIONER: Dennis Cluff, Mike Child	MEETING DATE: June 12, 2018
RECOMMENDATION: That Council award the Bid effective July 1 st for the 2300 N Waterline Project Phase 3 – Railroad Tracks to SR 126 in Sunset to Leon Poulsen Construction Company for \$641,129.50	ROLL CALL VOTE: NO
FISCAL IMPACT:	
BACKGROUND: We had 6 bidders for this waterline project. The low bidder is Leon Poulsen Construction Company for \$641,129.50. This low bid is higher than the engineering estimate, but within our budget, mostly due to the unexpected expensive connection box that Weber Basin Water is requiring. This project is a 12” PVC pipe waterline connecting from the Weber Basin Water main located at SR 126 (State Street) on west to the east side of the railroad tracks at 2400 N in Sunset.

CLINTON CITY COUNCIL AGENDA ITEM

SUBJECT: Bid Award for 2018-19 Streets Project	AGENDA ITEM: D
PETITIONER: Dennis Cluff, Mike Child	MEETING DATE: June 12, 2018
RECOMMENDATION: That Council award the Bid, effective July 1 st , for the 2018-19 Streets Project to the low bidder Geneva Rock Products for \$609,523.75	ROLL CALL VOTE: NO
FISCAL IMPACT:	
<p>BACKGROUND:</p> <p>Attached is the bid tabulation and notice of award for the 2018 Street Reconstruction Projects. The 2018 Street reconstruction project covers 2300 North from 1000 West to the RR tracks, the Sun Ray Subdivision, and the cemetery roads. We had 5 bidders and Geneva Rock Products was the low bid. Geneva Rock Products has not done work in Clinton City for some time. They are a reputable company and do large street projects across the Wasatch front. The bid breakdown is as follows:</p> <p><u>Total Bid:</u> Geneva Rock Bid: \$609,523.75 Engineer's Opinion of Probably Cost: \$643,750.50</p> <p><u>The Streets projects portion:</u> Geneva Rock Bid: \$542,650.00 Engineer's Opinion of Probably Cost: \$580,430.00</p> <p><u>Cemetery portion:</u> Geneva Rock Bid: \$66,873.75 Engineer's Opinion of Probably Cost: \$63,320.50</p> <p>These projects are in the 2018-2019 budget year. The streets projects are within the proposed budget.</p> <p>The cemetery has \$50,000 budgeted for Plat D improvements. This would be for completing the roadways all around plat D. This area currently only has curb on one side. We knew going in that the project costs would be over the budget. We were hoping that through the economy of scale by bidding the cemetery with the streets projects it would help lower prices closer to the budgeted amount. There are two options for the cemetery – Scale the project back to \$50,000 by eliminating the asphalt on the north or west leg or increase the budget by \$17,000.</p> <p>We would recommend awarding the project to Geneva Rock now, <u>effective July 1st</u>, so that we can get on their schedule and sign the contracts after July 1st.</p>

<p>C. PREVIOUSLY TABLED PUBLIC HEARING - RESOLUTION 09-18, A REQUEST FOR FINAL PLAT APPROVAL OF PHASE 6 FOR HARRISBURG COUNTRY ESTATES SUBDIVISION, (LOCATED AT APPROXIMATELY 2700 W 1300 N)</p>	
Petitioner	<p>Will Wright; Q-2, LLC and Craythorne Construction (Erik Craythorne)</p>
Discussion	<p>Tad Kruitbosch was present to address this item with the City Council. He explained there was a miscommunication that this item was being tabled at each meeting. The Engineering Company will submit the plans on May 25, 2018 and it should be ready to go before the Planning Commission on June 5, 2018.</p> <p>Mr. Wright explained that after tabling this item three times since March 2018, the Planning Commission recommended the City Council disapprove Resolution 09-18, thereby denying the Final Plat for Phase 6 of the Harrisburg Subdivision, due in large part to the applicant’s inaction on this development.</p> <p><u>Previous background information:</u></p> <ul style="list-style-type: none"> • This proposed subdivision is in the R-1-15 zone and consists of approx. 8 acres; • The Preliminary Plat for phases 6 & 7 for Harrisburg Country Estates Subdivision was approved on July 19, 2016; • A Preliminary Plat was changed from that which was originally approved, since the City acquired approximately four acres of property for a drainage basin; • The latest Preliminary Plat has 38 total lots with 23 in Phase 6 (now changed in the Final Plat to 17 lots) and 15 lots (now changed to 21) for Phase 7; • The Final Plat for Phase 6 of Harrisburg Country Estates has changed the phasing boundary line and shows only 17 lots on approximately 8 acres with the other 6 lots shifting to Phase 7 of this subdivision (compare with preliminary plat). <p>The concern is the delay in addressing the issue for such a long period of time since February 2018.</p> <p>Mayor Adams clarified that during each meeting for both the Planning Commission and City Council meetings the item was tabled, the Mayor and the Planning Commission Chair asked for public comment prior to it being tabled again.</p> <p>Councilmember K. Peterson questioned if the agreement for the adjacent City property is being finalized.</p> <p>Mr. Cluff replied he has spoken with Mr. Craythorne and he and his engineer are working on the agreement. The intent is to have it ready by the June 12, 2018 CC meeting.</p> <p>The Council agreed that it is in the best interest of the developer to table this for one month to the June 26, 2018 CC meeting to insure adequate time to complete the process.</p> <p>Mayor Adams asked for public comment; there was none. He stated the public hearing will remain open to the June 26, 2018 City Council meeting.</p>
CONCLUSION	<p>Councilmember Mitchell moved to table resolution 09-18, a request for final plat approval of phase 6 for Harrisburg country estates subdivision, (located at approximately 2700 W 1300 N) to June 26, 2018. Councilmember M. Petersen seconded the motion. Voting by roll</p>
