CLINTON CITY CEMETERY UPDATE

Clinton City now offers an alternative to traditional burial. For those seeking cremation services, we proudly announce the arrival of a new ossuary to our community. Located in the Cemetery, the ossuary is surrounded by a beautifully landscaped garden, and offers a peaceful, beautiful place for remembrance. The word ossuary is a combination of two words: ossuary and columbarium. It is a receptacle for the ashes of those individuals who have chosen the method of cremation for final disposition. An ossuary provides the option for the single placement of remains contained in a specialized, soft-sided urn using a depository to access the middle enclosure. However, the columbarium provides the option of companionship placement of remains in two individual urns, which are placed together in one niche.

The ossuary has a capacity of up to 180 individuals. The columbarium companion niche has capacity for 80 pairs (160 total). Each niche is designed to hold up to two urns within. Specifications for urn size are 5.5" x 5.5" x 7" square box or 10" high x 6" diameter for vase in order to fit properly within the niche space. No exceptions.

Please call the Cemetery office for more information 801.614.0870

For immediate response after hours: 1-800-273-TALK (8255). *Counseling in Spanish & other languages is available.*

Air Force Offers Indoor Air Sampling to Residents, Businesses

The Air Force has begun its annual outreach to homes and businesses in the city near areas of groundwater contamination from Hill Air Force Base. Those affected are being offered free indoor air sampling to determine if potentially harmful vapors from the groundwater could be entering homes or workplaces. Sampling will go through March of 2021. If vapors are found above established action levels, the Air Force will take steps to prevent those vapors from entering the home or building. The city drinking water has not been affected by the contamination.

If your home or business is not within an area of concern you will not be contacted. Those receiving a mailing from HAFB are encouraged to request indoor air sampling. Information about the program, including COVID precautions that will be taken during sampling and maps showing the areas eligible for sampling is available at www.hill.af.mil/IAP.

EMPLOYMENT OPPORTUNITIES

Basketball Official positions are still available. Call 801.614.0780 for more information on applications and training dates.

Please be aware of the following Clinton City Code requirements for fall and winter. Thank you for your compliance.

The City Code requires that “All shrubs and trees be pruned to permit plain view of regulatory and caution signs, utility accesses, and so that they do not overhang the curb in the street twelve (12) feet or sidewalk eight (8) feet.” Please trim your trees and shrubs now so the snow plows can plow your streets this winter. If you have questions call 801-614-0870, Mon. – Fri. 7 am to 3:30 p.m.

WINTER PARKING RESTRICTIONS Ordinance 16-7-19 will go into effect November 15 through March 15. No on street parking including vehicles or trailers is allowed from 12 am to 7 am regardless of the weather.

Also, please keep car doors locked when left outside. Do not start vehicles to warm up and leave them unattended as these provide opportunities for theft.
